Release No. 60887

A LITTLE BIT OF MAGIC AT BAXI COMMERCIAL

Sean Reynolds, Product Manager for Andrews Water Heaters, has raised over £1000 for Breast Cancer Awareness after dressing up in luminous pink tights, wig, tutu and fairy wings.

The fundraisers' initial target of £300 had to be increased to £500 and then £800 as donations poured in, with the final amount coming in at an amazing £1029.

"I was speechless when I heard how much we'd raised," said Sean. "It far exceeded any of our expectations. I'd like to say a big thank you to everybody who kindly donated, including Thermatic Maintenance Ltd in Manchester, Boiler Plant Maintenance Ltd in Cardiff, Universal Heat Maintenance Ltd in London and Unvented Direct in Norwich."

Andrews Water Heaters is part of Baxi Commercial Division, alongside Potterton Commercial.
